## How Can We Bring Peace to the World?

現在的世界，已經到了朝不保夕的時候了！為什麼呢？因為被「貪瞋痴」三毒的戾氣所壓迫的緣故。

世界的好與壞，乃由一念心而起。這是必然的道理，如果「**人人心善，世界永住；人人心惡，世界毀滅。**」所謂「一切唯心造」，心能造世界，心能毀世界，心能造天堂，心能造地獄。怎樣令世界安穩？首先要「諸惡莫作，眾善奉行」，悔過自新，改惡向善。人人和睦相處，無爭無貪，能為家、為國、為世界；放下貪心、瞋心、癡心，多為社會做點有福利的事業。如果人人能不爭、不貪、不求、不自私、不自利、不打妄語，如此去實行，則世界自然轉危為安。

瑞氣增多，戾氣就減少，宇宙間若充滿祥瑞之正氣，世界也就會轉好，就沒有三災八難，而成為大同世界。

The world has reached the point that when people rise in the morning, they do not know whether they will still be alive in the evening. Why? Because of the violence caused by greed, hatred, and ignorance.

Whether the world is good or bad depends on a single thought. ***If people's hearts are good, the world will exist forever. If people's hearts are evil, the world will be annihilated.*** As we say, "Everything is made from the mind." The mind can create the world or destroy it; it can create heaven and it can create hell.

How can we bring peace and stability to the world? The most important thing is, "Do no evil, and practice all good"—turn over a new leaf, repent and reform. People must learn to get along with one another without contending or being greedy. Think and act for the good of one's family, one's country, and the entire world. Relinquish thoughts of avarice, anger, delusion. Do something to benefit society. If everyone can stop fighting, stop being greedy, stop seeking, stop being selfish, stop wanting personal profit, and stop lying, the world will naturally become peaceful.

As the good energy increases, the violence will decrease. With good vibrations filling the atmosphere, all disasters will disappear and peace, harmony, and brotherhood will prevail in the world.
