

*In the West, the Buddha radiates  
a bright light of dawn;  
As in the East, it rescues beings  
and bestows long life and health;  
If you can awaken to your basic  
identity, you unborn being,  
On the spot you ascend together to  
Ten Thousand Buddhas Land.*

西方佛法露曙光

東土眾生壽而康

悟得本來無生面

與爾同登萬佛邦

菩提聖城氣象萬千

Renaissance at the City

萬佛城每一粒微塵都有菩薩在修行，這裏的空氣和外面的空氣不同，  
是很清新的，有一股靈氣。不要以為在這裏住和別的地方住一樣的。

*In the City of Ten Thousand Buddhas, there are Bodhisattvas cultivating  
in every mote of dust.*

*The air here is different from elsewhere. It is pure, fresh, and inspiring.*

*Don't think that living here is the same as living anywhere else!*
