Forty years ago, it radiated the light of dawn,
Shining through the darkness, cleansing and
adorning the Dharma Realm.

For forty years, the wonderful Dharma wheel has been turning.
Carrying on the past and blazing a trail to the future,
Teaching and rescuing all sentient beings.

Forty years later, it sends forth great brilliance.
Universally benefiting the East and the West,
The light dazzles the past, present, and future.

On **Vajra Bodhi Sea's fortieth birthday**,
The whole world joins in celebration.
